Featuring
VitalStrong™
Rehabilitation

Getting you home faster and stronger

Our staff prides itself on providing comprehensive short-stay rehabilitation services through our **VitalStrong™** program. VitalStrong™ has been developed to provide state-of-the-art clinical and rehabilitation services utilizing progressive technology, with clinical oversight by a physiatrist – a doctor of physical medicine and rehabilitation.

Our team of experts, including licensed physical and occupational therapists and speech language pathologists, provide therapy services up to seven days per week.

We are proud to offer our innovative **HeartStrong** cardiac rehab program. Our consulting cardiologist collaborates with our in-house physicians, nurses, and therapy team to expedite your recovery and optimize your health.

Our comprehensive **WalkStrong** orthopedic rehab program uses state-of-the-art therapy and equipment to get you up and moving quickly. Following hip, knee, shoulder, neck or back surgery. Our goal is to get you back home faster and stronger.

State-of-the-Art Rehab Equipment

HawkGrips – Manual soft tissue mobilization instruments used to break down scar tissue and other soft tissue restrictions.

Omnicycle – Upper and lower extremity bicycle which provides visual biofeedback of performance.

Scifit Recumbent Stepper – Lower extremity exerciser allowing full leg extension to strengthen quadriceps and hamstring muscles.

VitalStim Plus - Neuromuscular electrical stimulator which re-educates muscles involved in swallowing. The therapist can project a live session onto a computer screen for the patient to see real time results.

BITS: Bioness Integrated Therapy System – Interactive touchscreen program for use in PT, OT and SLP. The computerized activities focus on visual scanning, visual motor, visual pursuit and cognition.

Game Ready – Cold compression system for musculoskeletal and soft tissue injuries.

FEES – Fiberoptic endoscopic evaluation of swallowing.

Other Equipment – Parallel bars, stairs and standing frame, fully equipped kitchen and bathroom.

E-Stim, Ultrasound, and Diathermy are available at all FutureCare locations.
