

Improving Quality of Life

Our staff prides itself on providing excellent, comprehensive rehabilitation services. Our highly trained Physical Therapists, Occupational Therapists, and Speech Language Pathologists will work with you or your loved one to reach your highest level of function.

While at our facility, you will receive therapy in our newly renovated, state of the art Rehabilitation Gym. On average, our short term residents are able to return to the community and their normal way of life after about 20 days.

Should you decide to stay with us long term, our staff are experts in understanding the physical and emotional needs of those who live in our facility for an extended period of time.

We set the standard of excellence for our community by working hard to improve the lives of our residents – one day at a time, one resident at a time.

FutureCare Cherrywood prides itself on providing quality clinical and comprehensive rehabilitation services. Our full time Nurse Practitioner works closely with your physicians, nurses and therapists to design and carry out an individual care plan based on your personal and health care needs.

We invite you and your family to visit our facility to experience first hand our unique approach to caring. For more information or to schedule a tour of our facility, please contact us today at 410-833-3801.

A dynamic facility, FutureCare Cherrywood boasts a sense of genuine warmth and interaction between our residents, staff and families.

Our residents experience our friendly and caring environment the moment they walk through the door. Our commitment to care extends beyond the clinical, to the social, emotional, and spiritual lives of our residents.

We continuously look for opportunities to provide an active and fulfilling lifestyle, which exercises the mind as well as the body. Our large resident rooms provide you with an opportunity to personalize your space to make it comfortable and homelike.

Follow Reisterstown Road for 0.5 mile to FutureCare Cherrywood, which is on the left immediately past McDonald's.

Care. Compassion. Community.
Our Way of Life at FutureCare Cherrywood

Our Pulmonary Focus

Our short-stay pulmonary rehabilitation program is designed for patients with chronic respiratory diseases. Our interdisciplinary team of physicians, registered nurses, respiratory, physical, occupational, and speech therapists, restorative nursing aides, social worker, psychologist, dietician and pharmacist work together to provide patients with the tools they need to be as independent as possible.

Patients with respiratory diseases such as Chronic Obstructive Pulmonary Disease (COPD), Cystic Fibrosis, disordered breathing associated with morbid obesity, and neuromuscular diseases, as well as patients preparing for – or recovering from surgery, can benefit from our individualized pulmonary program. Program oversight is provided by our consulting Pulmonologist.

Potential Benefits

- Optimized breathing techniques
- Reduced symptoms
- Improved exercise tolerance and endurance
- Weaning protocol to reduce reliance on oxygen
- Reduced readmissions to hospital for pulmonary recurrences
- Elimination of the need to travel to outpatient therapy; thereby conserving energy for actual therapy time.
- Improved quality of life
- Nurse Practitioner oversight

Modes of Exercise

- The 6 minute walk
- Stair climbing
- Bicycle

Education

- Exercise
- Symptom assessment
- Medication management
- Nutrition counseling
- Equipment utilization such as BiPAP /CPAP set up
- Work simplification
- Oxygen safety
- Infection control
- Smoking cessation
- Anxiety and stress relief

Discharge Planning

- Evaluation and ordering of equipment
- Family education
- Referrals for Home Health – therapy, nursing, companion care
- Post-discharge follow-up
