

# Improving Quality of Life

Our staff prides itself on providing excellent, comprehensive rehabilitation services. Our highly trained Physical Therapists, Occupational Therapists, and Speech Language Pathologists will work with you or your loved one to reach your highest level of function. FutureCare Homewood also offers in-house dialysis, as well as a 31-bed ventilator unit.

While at our facility, you will receive therapy in our newly renovated, state of the art Rehabilitation Gym. On average, our short term residents are able to return to the community and their normal way of life after about 20 days.

Should you decide to stay with us long term, our staff are experts in understanding the physical and emotional needs of those who live in our facility for an extended period of time.

*We set the standard of excellence for our community by working hard to improve the lives of our residents – one day at a time, one resident at a time.*

FutureCare Homewood prides itself on providing quality clinical and comprehensive rehabilitation services. Our full time Nurse Practitioner works closely with your physicians, nurses and therapists to design and carry out an individual care plan based on your personal and health care needs.

We invite you and your family to visit our facility to experience first hand our unique approach to caring. For more information or to schedule a tour of our facility, please contact us today at 410-554-6300.

*Located in historic Charles Village, FutureCare Homewood is right in the midst of some of Baltimore's finest hospitals. This proximity makes Homewood an excellent choice for post-acute care in the northern neighborhood of the city.*

Our residents experience the friendly and caring environment the moment they walk through our door. Our commitment to care extends beyond the clinical, to the social, emotional, and spiritual lives of our residents.

We continuously look for opportunities to provide an active and fulfilling lifestyle, which exercises the mind as well as the body. Our large resident rooms provide you with an opportunity to personalize your space to make it comfortable and homelike.

A FutureCare Health & Management Facility

Care. Compassion. Community.

*Our Way of Life at FutureCare Homewood*

# Improving Quality of Life

FutureCare Homewood is proud to be a leader in providing subacute respiratory care services for individuals with a variety of needs. This experience enables us to provide both short term and long term tracheostomy and ventilator management services.

Short term management – When appropriate, we actively wean residents from the ventilator and the tracheostomy tube. Many of these residents are able to return to the community.

Long term management – For residents with diagnoses that make ventilator dependency a part of their lives, we offer extended ventilator management services combined with traditional long term care services.

## Staff and Amenities

- 31-bed unit
- Pulmonologist supervision on the unit
- Pulmonary rounds and care plans with a holistic approach to residents' health needs
- Well-trained, professional, friendly nursing staff
- Oxygen and air are piped into each room
- Wall suction provided
- State-of-the-art alarm system
- Flat screen TVs in each room

## Ventilator

- Lightweight, small and easily transportable with an E-cylinder
- Additional ventilator alarm system throughout unit
- Internal backup battery; additional battery available

## Facility Benefits

- Excellent comprehensive rehabilitation services
- On-site nurse practitioner
- Medical director available for consult
- 24-hour respiratory staffing
- Quality of life programs

## Clinical Services

We have attracted some of the finest registered and licensed practical nurses in the fields of acute and long-term care. These skilled professionals work closely with a nurse practitioner and certified nursing assistants to provide around the clock care. Our staff can meet the most complex medical needs, such as:

- Post-Operative Care
- Tube Feedings
- Pain Management
- Palliative Care
- Diabetic Management
- Dialysis
- Infusion Therapy
- Wound Care
- Dementia Care
- Ventilator Care
- Hospice Care

## Rehabilitation Services

Our rehab team is comprised of knowledgeable physical and occupational therapists as well as speech language pathologists. Our therapists are trained to meet the special needs of ventilator residents and are dedicated to developing personalized treatment plans for each resident. Therapy services are available up to seven days per week, which contributes to a rapid recovery and optimal outcomes.

*Ventilator Unit at FutureCare Homewood*

*Improving Quality of Life.  
One Day at a Time,  
One Patient at a Time.*

The Ventilator Care Unit at FutureCare Homewood is approved by the Office of Healthcare Quality at the Maryland Department of Health and Mental Hygiene as a special care unit for respiratory care.

With oversight from attending physicians and pulmonary physicians, we provide for our patients' individual respiratory needs. Our ventilator unit also has a nurse practitioner to oversee each patient's care, as well as qualified respiratory therapists to ensure quality care for all of our residents.

## FutureCare Homewood is proud to announce the opening of our new Cardiac Rehabilitation Program

Located in historic Charles Village, FutureCare Homewood is part of a vibrant active community. Our proximity to some of Baltimore's finest hospitals makes us an excellent choice for cardiac rehabilitation.

- Cardiologist oversight by Dr. Jeffrey Quartner, Chief of Cardiology, MedStar Union Memorial Hospital
- The Cardiac Rehabilitation Program was developed in collaboration with FutureCare's team of attending physicians, nurses, therapists, dietician, and consulting cardiologist.
- The Cardiac Rehabilitation Program is structured to meet the individual clinical needs of each person as well as personal lifestyle goals.

Services include:

- Cardiac Rounds with Dr. Quartner and the interdisciplinary staff
- Weekly interdisciplinary team meetings
- Our clinical staff are specially trained in cardiac care
- Rehabilitation services are available 7 days week
- Our dietician works with you to understand your special dietary needs, and serves heart healthy cardiac diets
- On-site respiratory therapists 24/7
- Labs, x-ray/EKG, IV services 24/7
- Education and training prior to discharge to ensure a smooth transition to home

At FutureCare, we set the standard of excellence in Cardiac Rehabilitation, and consistently strive to improve the lives of our patients – one day at a time, one person at a time. For more information or to schedule a tour of our facility, please contact us today at 410-554-6300.
